- DP8340SC Parallel I/F, 4.5" Sprocket paper

This is where it all started. The DP8340 is the original small point of sale printer and the first to have an onboard cash drawer driver circuit. This tried and true printer has proven to give consistent performance with unmatched reliability.

Available in several different versions, the DP8340 is a perfect fit for many entry-level and budget minded applications. It's compact size and 12-volt operating voltage also makes it the ideal printer for mobile applications.

Reliable Budget /  
Entry Level Printer
